# MOREL JEWEL GLAZE 3MOR

 Moderate glaze movement.  Minimal color range.

A khaki brown, with varying degrees of brown, red or olive that may appear lighter in the center. Higher relief and edging range in- cludes white gray, blue gray, cream, gold, rust and gray tones lightly accented by the crackle color.

**Smaller pieces:** Expect each piece to vary greatly from light to dark.

**Medium + Larger pieces:** The hand applied glaze application will give you a full range of tones.

**Carved pieces:** Expect to see pooling in deeper areas and a lighter application on high areas. Each piece will vary greatly from field tile.
