BLUES MULTI PRECOCIOUS GLAZE BLX

High glaze movement.

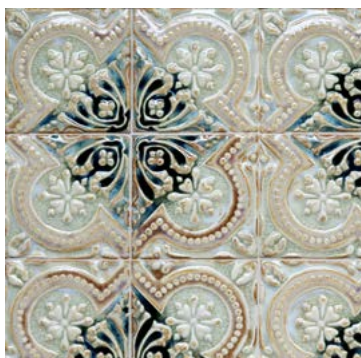

High color range.

This option combines multiple high movements and high range glazes. There will be light celadon to cinnamon to forest green and dark blue with rust accents along the edge and relief. The unpredictable natural reactions between different layers give this unique glaze its distinctive look. This option is not available on field tile, moldings or mosaics.

Smaller pieces: Expect each piece to vary greatly from light to dark.

Medium + Larger pieces: The hand applied glaze application will give you a full range of tones.
