Glaze & Size Variation Is the Signature of Handmade Tile

Handmade ceramic tile bears the marks of the human hand—subtle shifts in color, texture, glaze, and size no machine can replicate. These variations are the essence that makes each piece alive, creating a surface full of dynamic character.

PYRITE WASH GLAZE

A sandy-taupe with an extreme degree of color and range variation. Washes of greiges, khakis, umbers and deep browns throughout. Occasional saffron highlights and amber edging may occur. Extreme range: order will not reflect the full range.

High glaze movement | High color range

Smaller pieces: Expect each piece to vary greatly from light to dark.

Medium + Larger pieces: The hand applied glaze application will give you a full range of tones.

Carved pieces: Expect to see pooling in deeper areas and a lighter application on high areas.
