# Glaze & Size Variation Is the Signature of Handmade Tile

Handmade ceramic tile bears the marks of the human hand—subtle shifts in color, texture, glaze, and size no machine can replicate. These variations are the essence that makes each piece alive, creating a surface full of dynamic character.

## GIALLO JEWEL GLAZE

A yellow amber to medium gold, which may deepen around the edges. The crackle may appear lighter in the center. Edging range includes cream, gold, rust and gray tones lightly accented by the crackle color.

**Moderate glaze movement | Moderate color range**

The hand applied glaze application will give you a full range of tones.

**Carved pieces:** Expect to see pooling in deeper areas and a lighter application on high areas.

**EXPECT TO SEE ANY OR ALL OF THIS RANGE**

Natural variation in color occurs as raw materials subtly change over time
