# Glaze & Size Variation Is the Signature of Handmade Tile

Handmade ceramic tile bears the marks of the human hand—subtle shifts in color, texture, glaze, and size no machine can replicate. These variations are the essence that makes each piece alive, creating a surface full of dynamic character.

## GLACIER JEWEL GLAZE

A clear crackle that may show hints of light glass green.  
Higher relief and edging range includes snow white to warm gray tones accented by the crackle color.

**Moderate glaze movement | Minimal color range**

**Smaller pieces:** Expect each piece to vary greatly from light to dark.

**Medium + Larger pieces:** The hand applied glaze application will give you a full range of tones.

**Carved pieces:** Expect to see pooling in deeper areas and a lighter application on high areas.

**EXPECT TO SEE ANY OR ALL OF THIS RANGE**

Natural variation in color occurs as raw materials subtly change over time
