## ALABASTER

SHEER GLAZE

A sheer soft white with buttery undertones and minimal to moderate crazing. Occasional marble-like translucence can be present on areas with heavier application. Light peppering may occur.

**Minimal glaze movement | Minimal color range**

**Smaller pieces:** Expect each piece to vary greatly from light to dark.

**Medium + Larger pieces:** The hand applied glaze application will give you a full range of tones.

**Carved pieces:** Expect to see pooling in deeper areas and a lighter application on high areas.
